AGAIN.

CHOOSE THE PERFECT PARTNER

“Education is not the filling of a pail, but the lighting of a fire.”

William Butler Yeats, Nobel Prize in Literature, 1923

You light the spark in today’s youth, providing the world with future scientists, artists and inventors. In a world where learners are as familiar and comfortable with technology as they are with pen and paper, IT plays a new and unique role. Choosing the right partner is vital in helping you use technology to maximise educational opportunity.

HP is the world’s largest technology company. We bring together a portfolio that spans printing, personal computing, software and services to solve your challenges, and open up exciting new ways for students and staff to connect, explore and excel.

We’ve been expanding the horizons of education for 65 years. Isn’t it time to put our global reach, products and expertise to work for you?

Teach them with tools they love: hp.eu/education

>>> HP notebooks

Give learners the flexibility to work on assignments at school and at home, or deliver educational services to distant students.

- **Mobile performance:** Rugged, light design, with flexible battery options that last between classes
- **Durability built in:** Spill-resistant keyboards and magnesium structures withstand rough handling
- **Flexible performance:** From ultra-thin 33.8 cm (13.3") and light 1.7 kg to 43.9 cm (17.3") screens, and a range of processing power, there's a solution for every learner

>>> HP mobile workstations

For design, animation or research, our most powerful mobile technology lets learners excel.

- **Mobile performance:** Workstation-calibre graphics and performance in a light, attractive design
- **Durable mobility:** Built to military standards to withstand vibration, dust and humidity
- **Reliable quality:** fully ISV certified for performance you can depend on

>>> For faster performance, professional graphics and even bigger screens, choose an HP mobile workstation with Intel® Core™ i3 or i5 processors.

>>> For enhanced graphics and the ultimate processing power, choose a desk-based HP Z series Workstation with Intel® Xeon® processor.

>>> HP workstations

Windows®. Life without Walls™.
HP recommends Windows 7.

Prepare students for careers in architecture or the media with our most powerful desk-based technology.

- **Maximum performance:** Advanced memory, storage and next-generation processors
- **Future-ready expandability:** Choose from storage bays, optional HP Blue Laser optical drive, and more
- **Professional graphics:** HP integrated graphics or 2D/3D solutions from NVIDIA and ATI™

- + Add the right monitor to your notebook or desktop to complete your perfect HP solution.

+ + + HP accessories

- + **HP Washable Keyboard (VF097AA):**

The waterproof exterior protects against dust, rain and splashing water. It can be fully washed!

- + **HP USB PS2 Washable Mouse (BM866AA):**

Squeaky clean! Disassemble and immerse in water.

There's an HP accessory for every need – to help you boost power, work more comfortably, or stay more secure. Discover the full range at hp.com/eur/accessories

A full team to rely on: services, solutions, support

**What is your vision for education? What does your classroom need?
We'll work in a collaborative partnership with you to make it happen.**

- **A broad, deep portfolio**

The comprehensive HP portfolio of products, solutions and services spans vast back-office systems to handheld devices, all designed for simplicity and interconnectivity. Your HP partner guarantees an unparalleled combination of expertise and will work closely with you to create your customised solution.

- **World-class support**

Transform your classroom, and keep it all up and running with ease. Choose from worldwide support and services, including a three-year, next-business-day standard limited warranty and Care Pack onsite hardware support services. With **HP Financial Services** you can easily rent, lease or finance the equipment you need.

- **A stronger green commitment**

Keep the planet secure for future generations, and make a responsible choice with your IT. HP has a comprehensive approach to environmental sustainability and places a strong focus on using materials that are easy to upgrade, reuse or recycle.

Windows®. Life without Walls™.

HP recommends Windows 7.
