

HIDDEN PRINT COSTS RUN DEEP

REDUCE YOURS

**CALCULATE
MY SAVINGS**

ARE YOUR PRINTERS HIDING AROUND 30% IN UNNECESSARY COSTS?

Expose overlooked expenses. Identify key savings.
Our calculator is an easy place to start.

Simply take a few minutes of your time to answer some quick questions about your organisation's printing – and you could identify areas for significant savings. It's all about finding the submerged expenses. Did you know, for example, that for every pound spent on printing, another £8 is spent managing print internally?*

Your printing could cost so much less. With the print experts from Brother at your side, retail companies like yours can identify strategies for potentially vast print savings.

Why not take advantage of our long history of success in print cost control and management efficiency? Start with our quick online calculator and you'll soon see what savings surface from the depths of your print infrastructure.
