

Bianca, why take hours, instead of minutes?

Speed up logistics.
Now you can scan and send on the go

Hello [recipient name],

Watch paperwork fly from A to B in seconds. Business and admin flow more smoothly when you take a Brother DS-820W mobile scanner on the road. The small device is the start of a high-powered digital journey for your documents

The battery-powered Brother DS-820W mobile scanner syncs scanned data straight to your mobile device, PC or the cloud. Use simple, one-touch scanning to scan up to 7.5 pages per minute.
