Relax ...

... with hassle-free printing from HP

Did you know that only Original HP Inkjet and LaserJet print cartridges guarantee true value for money and consistent quality from the first page to the last? 78.1 percent of pages printed with remanufactured colour toner were low quality due to fade, smudges or specks*. Rest assured that HP is environmentally responsible too. HP provides an easy-to-use, state-of-the-art recycling programme called HP Planet Partners. Plastic from

recycled cartridges is incorporated into new, high-quality Original HP Inkjet cartridges.
