

Technology for creative professionals

From the creative professionals.
JIGSAW + HP.

Be bold. Be brilliant.
Choose eye-catching colours that leap off the page.

Choose Original HP Supplies, from Jigsaw.

At Jigsaw, we're market leaders in supplying specialist IT products and support services to all sectors of the creative market. You'll find the service is superb, and so are the products.

Only Original HP Inkjet and LaserJet print cartridges offer brilliant, professional results every time. Tests reveal that Original HP inkjet cartridges deliver **34% more pages** and prints than compatible cartridges*.

Superb results. True value for money. Jigsaw + HP.

Science meets **ART**

Be introduced. JIGSAW + HP.

Go on. Make an impact.

You choose the media, lighting condition, composition, and we'll keep the colour brilliant, bold and fade resistant. Every time.

At Jigsaw, we're the market leaders in supplying specialist IT products and support services to all sectors of the creative market. The service is superb. So are the products.

We're proud to recommend another industry leader: HP.

Only Original HP Inkjet and LaserJet print cartridges offer brilliant, professional results every time. Tests reveal that Original HP inkjet cartridges deliver **34% more pages** and prints than compatible cartridges*.

If photos breathed.

JIGSAW. Technology for creative professionals.

We recommend HP.

True to life. Larger than life.

Go on, bring them to life.
In breathtaking colours, and boldest blacks.

You choose the media, lighting condition, composition ... and we'll keep the colour perfect. Every time.

At Jigsaw, we're the market leaders in supplying specialist IT products and support services to all sectors of the creative market.

We know our customers. And we certainly know our colours.

We also know that only Original HP Inkjet and LaserJet print cartridges offer brilliant, professional results, every time. In fact, they offer more ... tests reveal that Original HP inkjet cartridges deliver **34% more pages** and prints than compatible cartridges*.
